Declaration

1. I represent that I hold a full-time academic/research position at the non-profit Organization listed above.
2. I request permission from Vanderbilt University to make a derivative work (as defined by the U.S. Copyright Laws at 17 U.S.C. §101) of the Copyrighted Material by translating the Copyrighted Material to the Language listed above and to culturally adapt (“Derivative Work”) said Copyrighted Material only for the Purpose described above.
3. I acknowledge that this declaration, once recommended by the Lead Author and approved by Vanderbilt University, will grant me permission to make printed copies of similar quality and format of the Derivative Work of the Copyrighted Materials for the Purpose in the Country listed.
4. I agree to provide Vanderbilt University and the Lead Author the right to review the forward-backward translation and reconciliation of the Derivative Work to ensure the integrity and appropriateness of the translation and cultural adaptation of the Copyrighted Material. I agree to work with the Lead Author to reconcile changes.
5. I acknowledge that the Copyrighted Material is protected by United States copyright law, international treaty provisions, and other applicable law.
6. I acknowledge that the copyrights for the Derivative Work, whether created by Vanderbilt University or by me, shall be owned by Vanderbilt University, and I hereby agree to execute any documents necessary to perfect ownership in Vanderbilt University.
7. I acknowledge that I may not rent, lease, lend, sell, sublicense, or distribute the Copyrighted Materials or its Derivative Works to another person, company, or other entity, that results in any sale, lease, license, or transfer of the Copyrighted Material or its Derivative Works without the written consent from Vanderbilt University. I agree to contact Vanderbilt University Center for Technology Transfer & Commercialization for all commercial license inquiries (email: cttc@vanderbilt.edu).
8. I acknowledge that the Copyrighted Material is provided “as-is” and Vanderbilt University disclaims all warranties with regard to this Copyrighted Material, including all implied warranties of merchantability and fitness. In no event shall Vanderbilt University be liable for any special, indirect, or consequential damages or any damages whatsoever resulting from loss of use, data, or profits, whether in an action of contract, negligence, or other tortious action, arising out of or in connection with the use or performance of this Copyrighted Material or its Derivative Works.
9. I agree to include citation(s) in any reports or publications using the Copyrighted Work and Derivative Work as listed below:

- a. **KiKS:** Wright JA, Wallston KA, Elasy TA, Ikizler TA, Cavanaugh KL. Development and results of a kidney disease knowledge survey given to patients with CKD. Am J Kidney Dis. 2011 Mar;57(3):387-95.
